

# USB HEADSETS FOR UNIFIED COMMUNICATIONS

QUICK  
REFERENCE

**The right headset really does help you collaborate at your best – and that’s what Plantronics delivers to enhance Unified Communications.**

**PLANTRONICS’ WIDE PORTFOLIO OF HEADSETS** is optimized to deliver the best audio quality and usability for all work settings. Whether you work from the office, on the road or at home, there is a Plantronics Unified Communications solution that will ensure your voice is clearly heard. All Plantronics Unified Communications Headsets are compatible with computer telephony audio, and some are optimized to allow user control of telephony functions directly from the headset. The right headset can make your UC solutions complete, by connecting team members, providing hands-free communication and enabling clearer calls.
